

The graph displays the time series for the 'ALL' variable. The x-axis represents time from January 2009 to August 2009. The y-axis represents the value of the variable, with a scale from 0 to 100. The data points are connected by a blue line. The series shows a general downward trend from January to April, followed by a sharp increase in May, a dip in June, and a final sharp increase in August.
